

## Smokers Outside The Hospital Doors

Pull the blindfold down  
So your eyes can't see  
Now run as fast as you can  
Through this field of trees

Say goodbye to everyone you have ever known  
You are not gonna see them ever again  
I can't shake this feeling I've got  
My dirty hands  
Have I been in the wars?  
The saddest thing that I'd ever seen  
Were smokers outside the hospital doors

Someone turn me around  
Can I start this again?

How can we wear our smiles  
With our mouths wired shut  
'Cause you stopped us from singing

I can't shake this feeling I've got  
My dirty hands  
Have I been in the wars?  
The saddest thing that I'd ever seen  
Were smokers outside the hospital doors

Someone turn me around  
Can I start this again?  
Now someone turn us around  
Can we start this again?

We've all been changed from what we were  
Our broken hearts left smashed on the floor  
I can't believe you if I can't hear you  
I can't believe you if I can't hear you

We've all been changed from what we were  
Our broken hearts smashed on the floor  
We've all been changed from what we were  
Our broken hearts smashed on the floor

Someone turn me around  
Can I start this again?  
Now someone turn us around  
Can we start this again?

## **An End Has A Start**

I don't think that it's  
Gonna rain again today  
There's a devil at your side  
But an angel on her way

Someone hit the light  
'Cause there's more here to be seen  
When you caught my eye  
I saw everywhere I'd been  
And wanna go to

You came on your own  
That's how you'll leave  
With hope in your hands  
And air to breathe

I won't disappoint you  
As you fall apart  
Some things should be simple  
Even an end has a start

Someone hit the light  
'Cause there's more here to be seen  
When you caught my eye  
I saw everywhere I'd been  
And wanna go to

You came on your own  
That's how you'll leave  
With hope in your hands  
And air to breathe

You lose everything  
By the end  
Still my broken limbs  
You find time to mend

More and more people  
I know are getting ill  
Pull something good from  
The ashes now be still

You came on your own  
That's how you'll leave  
With hope in your hands  
And air to breathe

You lose everything  
By the end  
Still my broken limbs  
You choose to mend

You came on your own  
That's how you'll leave  
You came on your own  
That's how you'll leave

You came on your own

You came on your own

## **The Weight Of The World**

Keep a light on those you love  
They will be there when you die  
Baby there's no need to fear  
Baby there's no need to cry  
Every little piece in your life  
Will add up to one  
Every little piece in your life  
Will it mean something to someone?  
You've used my broken bones  
Back together we ...?  
Lift the weight of the world  
From my shoulders again  
Every little piece in your life  
Will add up to one  
Every little piece in your life  
Will it mean something to someone?  
Every little piece in your life  
Will add up to one  
Every little piece of your life  
Will mean something to someone

You touch my face scarred with spurs?  
In my ...  
There are tears in my eyes  
Love replaces fear  
You touch my face  
Scarred with spurs?  
In my year/ear/..  
There are tears in my eyes  
Love replaces fear  
Fear  
Every little piece in your life  
Will add up to one  
Every little piece in your life  
Will mean something to someone  
Every little piece in your life  
Will add up to one  
Every little piece of your life  
Will mean something to someone

## Bones

How can you always be late for your arrival?  
You know I'd forgive you every single time

Retreat, retreat  
I've fallen at the low tide  
Oh retreat, retreat  
And meet me by the quayside

In the end all you can hope for  
Is the love you felt to equal the pain you've gone through

Are your eyes showing off for mine  
Your face in my hands is everything good I need

The system's put in place, put there to protect us  
For you I'd throw a lifeline every time

Oh Retreat, retreat  
I've fallen at the low tide  
Now retreat, retreat  
And meet me by the quayside

In the end all you can hope for  
Is the love you felt to equal the pain you've gone through

Are your eyes showing off for mine

Your face in my hands is everything good I need

Bones, starved of flesh  
Surround your aching heart  
Full of love

Oh bones, starved of flesh  
Surround your aching heart  
Full of love

Bones, starved of flesh  
Surround your aching heart

Bones

Oh bones

I watch as your eyes show off for mine  
I watch as your eyes show off  
I watch as your eyes show off for mine  
I watch as your eyes show off

## When Anger Shows

It creeps all over you like a dull ache  
Think of all the things your hands could make  
It pulls you to the ground like soaking wet gloves  
The change in your face when anger shows

In that moment you realise  
That something you thought would always be there will die  
Like everything else

These thoughts I must not think of  
Dreams I cant make sense of  
I need you to tell me its ok  
These thoughts I must not think of  
Dreams I cant make sense of  
I need you to tell me its ok

You are a sleeping lion in your bed  
I will not wake you  
You're the moment  
Love has passed  
We all must learn to hate you  
You're a memory from before  
Please don't let me forget you

You're the wolves at my door

In that moment you realise  
That something you thought would always be there will die  
Like everything else

These thoughts I must not think of  
Dreams I cant make sense of  
I need you to tell me its ok  
These thoughts I must not think of  
Dreams I cant make sense of  
I need you to tell me its ok

How can you know what things are worth  
If your hands wont move to do a days work?  
How can you know what things are worth  
If your hands wont move to do a days work?  
How can you know what things are worth  
If your hands wont move to do a days work?  
How can you know what things are worth  
If your hands wont move to do a days work?  
How can you know what things are worth  
If your hands wont move to do a days work?  
How can you know what things are worth  
If your hands wont move to do a days work?  
How can you know what things are worth  
If your hands wont move to do a days work?  
How can you know what things are worth  
If your hands wont move to do a days work?  
How can you know...

These thoughts I must not think of  
Dreams I cant make sense of  
I need you to tell me its ok  
These thoughts I must not think of  
Dreams I cant make sense of  
I need you to tell me its ok

## **The Racing Rats**

When the time comes  
You're no longer here  
Fall down to my knees  
Begin my nightmare  
Words spill from my drunken mouth  
I just can't keep them all in  
I keep up with the racing rats  
And do my best to win

Slow down little one  
You can't keep running away

You mustn't go outside yet  
It's not your time to play  
I push my hands up to the sky  
Shade my eyes from the sun  
As the dust settles around me  
Suddenly nighttime has begun

If a plane were to fall from the sky  
How big a hole would it leave  
In the surface of the earth

Let's pretend we never met  
Let's pretend we're on our own  
We live different lives  
Until our covers blown

I push my hand up to the sky  
Shade my eyes from the sun  
As the dust settles around me  
Suddenly nighttime has begun

If a plane were to fall from the sky  
How big a hole would it leave  
In the surface of the earth  
The surface of the earth

Come on now  
You knew you were lost  
But you carried on anyway  
Oh come on now  
You knew you had no time  
But you let the day drift away

If a plane were to fall from the sky  
How big a hole would it leave  
If a plane were to fall from the sky  
How big a hole would it make  
In the surface of the earth  
The surface of the earth

## Spiders

There's spiders in your room  
But there always will be  
There's people to be fooled  
And there always has been

Hold out your hand  
Hold out your hand  
Or we'll carry you

Hold out your hand  
Hold out your hand  
Come back to me  
Come back to me

With your back to the wall  
You've got one place to fall  
Sometimes its all better (on your own?)

Every little piece pulls  
In its own direction  
Please love dont be scared  
It's just your own reflection

Hold out your hand  
Hold out your hand  
Or we'll carry you

Hold out your hand  
Hold out your hand  
Come back to me  
Come back to me

With your back to the wall  
You've got one place to fall  
Sometimes its all better (on your own?)

## **Well Worn Hand**

Wake up my love  
Today I heard some bad news  
Just what are we all supposed to do?  
I won't let them get to you

I don't want to go out on my own anymore  
I cant face the night like I used to before

Take my well worn hand  
Let's lock ourselves away  
We'll never, ever step outside  
We'll curl up in a ball and hide

I don't want to go out on my own anymore

I cant face the night like I used to before

I don't want to go out on my own anymore  
I cant face the night like I used to before  
I'm so sorry for the things that they've done  
I'm so sorry about what we've all become
